

SAT

Math Review

Calling all High School Sophomores and Juniors!

Princeton Review certified Bob Beatty, a 25 year teacher of Scituate High School, will be doing a 10 hour, 8 session math review based on content of the SAT's. The course will cover the makeup of the test, techniques on how to score higher from not doing all the problems, when to guess or skip the problem, and how many problems you can leave blank and still get a 600. Coverage of all the Algebra, Geometry, and Algebra 2 will also be covered as well as discussing the new sections of the test which include functions, sets and sequences. All materials will be supplied.

Dates:

October 1st, 3rd, 10th, 15th, 17th, 22nd, 24th, and 29th

Time:

6-7:15pm

Cost: \$125 per person, minimum of 10
